

At C.I. Services, our primary reason for success is our highly-trained and dedicated workforce. Our technicians recognize how to perform their professions safely and efficiently. We work with products from proven manufacturers to ensure you receive an education, a roof or a waterproofing system of the absolute highest quality.

## Case Study: ROOF MANAGEMENT TRAINING

### PROBLEM

For nearly three decades, we have delivered elite roofing services to commercial-sized businesses all over the western United States. Over the years, our team has developed a wealth of knowledge about every aspect of commercial roofing. We've broken down everything that you need to know about this process in our comprehensive management program. Roof management can be very complicated and our goal is to instruct those who are less educated on the essentials of commercial roofing and transform them into experts.

### SOLUTION

In resolution, we have designed free training sessions led by our industries sharpest roofing experts. Our step-by-step roof management guide to success includes: inspection surveys, storm preparation, leak management, repairs/maintenance, emergency work/life extensions, and replacements. Our educational services consist of classroom seminars, in-person training sessions and hands-on training. We have all the tools you need to become a roof management professional.

### RESULT

As a result, we have helped shape a variety of different eager learners in the topics of commercial roofing. We encourage aspiring roofing technicians, property owners, or HOA executives to take advantage of our free training sessions by our industry's roofing professionals.
