

SERVING CALIFORNIA SINCE 1992

WATERPROOFING SERVICES

Whether you're dealing with minor roof leaks or catastrophic water-intrusion, you can rely on CIS to fix your waterproofing issues. Our reputation as a contractor that "does it right the first time" has helped us earn the trust of customers who were tired of not getting the quality they needed.

From basic crack repair to foundation sealing, keeping water out of a building can be a very complicated and detailed process. If done wrong, your waterproofing project can be a costly mistake.

“

"We contacted CIS to provide us with a waterproofing solution to a very busy walk deck area on one of our campus buildings. The previous contractor had done a very poor job of installing - and later attempting repairs on - this same walk deck. CIS proposed a very sound urethane coating solution that turned out beautiful and durable. They coordinated their workers as we directed and we had no issues during or after the install. Thanks for solving this problem for us!"

Adriana C. - Property Manager
